## ANNOUNCEMENT

This sale is made because we are raising Short-Horns to sell. There are many included we would like to keep, but we know the public wants to buy the best.

Our family have bred Short-Horns ever since Illinois was in wild grass, and we shall never pull down the colors of the old Red, White and Roan. Fresh in the minds of most breeders, is the great record made at the Chicago World's Fair, where bullocks bred, fed and exhibited from this herd, won everything in sight against all breeds and all countries. We also visited the best herds of the United States, Canada and Great Britain and have made a special effort to buy, import and breed the very best cattle obtainable.

All successful business must be built on solid foundations and we believe the public generally is familiar with the history of our herd. In order to rehearse a bit of its history we published some notes regarding it in one of our sale catalogues, so new breeders not versed in Short-Horns might become better acquainted with it.

Suffice it to say to those not acquainted with our herd that the foundations was laid by the late John R. Jones, many years ago, who came to Illinois in its wild state and herded cattle on the prairies where now are beautiful cities. He was one of the few men who drove fat cattle from Illinois to New York, so his experience in the cattle trade was of much importance in founding this herd, and upon retiring from active business he requested the herd to be carried on, and with what success cannot be told in words as well as to name a few of our many Grand Champion bullocks. Some of them are: Whiskers, Banner Bearer, Drum Major, Col. Mills, Headlight, Confident, Phil Armour, Dr. Talmadge and Bon Ton. All these were bred, fed and shown from this herd in 1890-91-92 and '93, a record never before or since equaled by any herd in the world.

There never was a time when America was waking up to the fact that our farms need to retain, and in many cases be restored to fertility, as now exists in the minds of our people and it must be done largely by the use of good cattle and such cattle to be profitable must necessarily be, both good beef and milk producers, such as our herd contains and which is not excelled in this respect by any herd in America.

SCOTTISH ROSE 5th is one of the best Lord Banff cows that ever went through a sale ring. Her dam, Imp. Scottish Rose, was bought at one of the Chicago sales for Cherry Grove Farm at \$825.00.

IMP. LORD BANFF was sold in November, 1901, at the highest price paid in an auction sale for a Scotch Short-Horn bull ever sold at that time. His dam is a cow of remarkable scale, a deep milker and good breeder. She has been successfully exhibited at local shows in Scotland. Lord Banff won first at Toronto, Canada; first at Syracuse, N. Y, 1901; first at the Pan-American, 1901, and first at the Illinois State Fair. Since Lord Banff came into our herd there have been owned and produced at Cherry Grove Short-Horns whose actual cash value would probably be \$75,000.00, and as the herd was quite small at that time, we attribute the great success and present value of this herd more to Lord Banff than to any other one thing.

EARL MARSHALL (70343) is bred almost identically the same as the great English Champion Marengo (69068), as he was got by Scottish Archer (59893), out of Missie 136th by William of Orange (15694). He sired amongst other good ones the calf which won first and brought the highest price at Kelso, Scotland, in 1901.

BRIGHT BOY (60403), a Ramsden, was got by the great old Brawith Bud Sire Gravesend (46461), out of Bright Belle, dam of Challenge Cup, Eastern Star, Bright Archer and Brave Archer (recently imported by Mr. Kelley of Ohio for \$6,000.00). He was used with great success at Legars, and afterwards sold to the Duke of Buccleuch.

IMP. ROSE OF THE MORNING is a straight Scotch Rosemary. We paid over \$600.00 for her at Mr. Chrystal's sale and Col Woods, E. B. Mitchell, Geo. Martin and Geo. Bellows, with many other good judges, thought her the best thing in the sale and the equal, if not the best cow sold anywhere that year.

MASTERPIECE 347499 (Pure Scotch), chief stock bull now at Cherry Grove Farm, is regarded as the greatest sire we ever owned, excepting the great and only Lord Banff. Masterpiece is by the Champion \$8,000.00 show bull, Premier, and he by the World's Champion, Choice Goods.

"The conditions of cattle raising are undergoing a great change. Free ranges are rapidly becoming a thing of the past. In the future, the Mississippi Valley and other like farming regions will more and more raise, as well as feed, cattle. This is due to the passing away of free ranges, and the necessity of doing this, if we are not to impair the fertility of our soil. The farmer who constantly raises grain and sells it is consuming his principal."—Col. F. O. Lowden.

IMP. ROSE OF THE MORNING is a straight Scotch Rosemary. We paid over \$600.00 for her at Mr. Chrystal's sale and Col. Woods, E. B. Mitchel, Geo. Martin and Geo. Bellows, with many other good judges, thought her the best thing in the sale and the equal, if not the best cow sold anywhere that year.

BANFF'S LAST is pure Scotch and bids fair to become the greatest breeder ever got by the famous Imp. Lord Banff.

The growing population must be fed, and it needs meat. The soil must be improved and made to produce greater crops, and it needs manure. Farmers need greater profits, which careful stock raising will alone insure.

CHERRY LIL 6th, a daughter of Lord Banff, is one of our best cows and comes from probably the best family we ever owned. We have nearly always received from \$400.00 to \$800.00 each, for specimens of this family.

IMP. EVANGELINE 4th was bred by Wm. Duthie of Aberdeenshire, Scotland, whose herd today ranks as the best herd in Great Britain. This cow is of the family from which Mr. Duthie bred our great Imp. Cup Bearer, the greatest bull imported in his day.

CUMBERLAND'S BEST, got by Cumberland's Last; dam, Imp. Mary Gray.

IMP. LORD BANFF was the first prize bull at leading shows of 1901, winning at Toronto, Canada; Syracuse, N. Y.; Pan-American and Illinois State Fair, and sold that fall at the highest price ever paid at auction, up to that time, \$5,100.00, for a Scotch bull.

WESTERN KING was a Cruickshank Secret, got by Scottish King, out of Premium by Commander 79556, sire of Mr. Forbes' well-known Baron Gloster, so successfully used in the Linwood herd.

STATESMAN was bred from the well-known herd of Chandler Jordan of Iowa, got by Imp. Confessor 65542, out of Matchless of Maine Valley, by Imp. Royal Barmpton, tracing to Imp. Matchless 16th by Senator.

### NOTE.

CHERRY LIL 8th is one of the best things to be sold this year. Nothing but a Public Sale would take her from our farm. Milton E. thinks her dam the best cow he ever owned and the late John R. Jones, thought her grand-dam, Cherry Lil 2d, the best cow at Cherry Grove, even when she lined up in the pasture with the Champion Imp Cicely (Queen's Heifer) and the \$2,000.00 Imp. Village Belle.

*Noah Crosbie \$200*

Land, which has been for some years in crop, needs to be laid to grass. Grass rests the land, fills the soils with roots, increases its humus and its water holding power, and in the mean time pays, under good management. When the land is again plowed the crop production is increased from 25 to 50 per cent.

“The idea that growing clover supplies to the soil all the essentials of fertility is wrong. Most grains contain mineral matter, the largest part of which consists of phosphorus and potash. These are necessary to stimulate plant growth and make up what is known as plant substance. There is no way of supplying them to the soil except by returning them in commercial fertilizers or in manure yielded by animals that are fed the grains which the land produced.”—Homestead.

Grass is the forgiveness of Nature, her constant benediction. Fields trampled with battle, saturated with blood; torn with the ruts of cannon, grow green again with grass, and carnage is forgotten. Forests decay, harvests perish, flowers vanish, but grass is immortal. Sown by the winds, by wandering birds, it softens the rude outlines of the world.

CHERRY LIL 6th, a daughter of Lord Banff, is one of our best Scotch cows, and comes from probably the best family we ever owned. We have nearly always received from \$400.00 to \$800.00 each for specimens of this family.

IMP. EVANGELINE 4th was bred by Wm. Duthie, of Aberdeenshire, Scotland, whose herd today ranks as the best herd in Great Britain. This cow is of the family which Mr. Duthie bred our great Imp. Cup Bearer, the greatest bull imported in his day.

MASTERPIECE 347499 (pure Scotch), chief stock bull now at Cherry Grove Farm, is regarded as the best sire we ever owned, excepting the great and only Lord Banff. Masterpiece is by the Champion \$8,000.00 show bull, Premier, and he was by the World's Champion, Choice Goods.

IMP. LORD BANFF was the first prize bull at leading shows of 1901, winning at Toronto, Canada; Syracuse, N. Y.; Pan-American, and Illinais State Fair, and sold that Fall at the highest price ever paid at auction up to that time, \$5,100.00, for a Scotch bull.

WESTERN KING was a Cruickshank Secret, got by Scottish King, out of Premium by Commander 79556, sire of Mr. Forbes' well-known Baron Gloster, so successfully used in the Linwood herd.

RUBERTA'S GOODS 283807 is sire of the remarkably fine young cattle shown by Howell Rees during the last two years, and was himself a prize-winner. He was got by Golden Goods 253393 that was sold by H. C. Duncan, Osborn, Mo., to W. O. Minor, Heppner, Ore., for \$3,500.00. He was Champion on the Pacific coast and was sire of many prize-winners in Mr. Minor's herd. His sire is Imp. Choice Goods 186802 and his dam the famous Golden Abbotsburn, one of the best cows of her day, by the world renowned Young Abbotsburn 110679. The dam of Ruberta's Goods is Ruberta, Champion of American show yards for three years.

IMP. LORD BANFF, the great \$5,100.00 Scotch bull at the head of Cherry Grove herd, is too well known to need any comment.

SCOTCH CUP, the great Scotch bull at the head of Cherry Grove herd, and sold for \$1,000.00, was red of great scale and as much style and finish as was ever seen in a Bates bull. He was the best son of the old war horse, Cup Bearer, the same breeding on dam side as the well-known Spartan Hero, also long at the head of Cherry Grove herd.

IMP. LAVENDER LAD, chief herd bull of C. B. Dustin, was imported by him, bred by Mr. Duthie, sired by the great Scottish Archer, and considered the best calf of his year in the Duthie herd.

IMP. CRAVEN KNIGHT, used at the head of Col. W. A. Harris's herd at Linwood and at the Kansas State Agricultural College, was a bull of exceptional finish. He was got by Cumberland 46144, dam Golden Autumn by Barmpton 27763, sire of Imp. Baron Victor.

### NOTE.

The greatest combination of the world's greatest cows and bulls ever hooked up in one pedigree. Look at it: Ruberta, Ruberta's Goods, Choice Goods, Golden Goods, Golden Abbotsburn, Young Abbotsburn, Lord Banff, Cup Bearer backed by Scottish Archer and Craven Knight, two among the world's greatest sires; then comes four Champions in Goldfinder, Knickerbocker, Great Seal and Signet Seal, while Imp. Fatima was a Champion show cow and of same family as Pott's Duke of Richmond World's Champion bull.

LADY FATIMA was kept at Cherry Grove, breeding regularly over eighteen years old. Her calves all sold at from \$300.00 to \$500.00 each. As will be seen, she is a daughter of the great Cruickshank bull Craven Knight, one of the best bulls that ever came to America, and her dam was one of the greatest show cows that ever crossed the ocean. She is of Mr. Bruce's famous Fanny tribe. It will be remembered that the great Champion bull of this day, Imported Duke of Richmond, owned by Potts & Son, was a Bruce bred bull of the Fanny tribe.

IMP. FATIMA began her show-yard career before her importation by Luther Adams. She was second at the Highland Society's show at Kelso in 1886, and highly recommended at the Royal English. In 1887, at Huntly, first prize and Lord March's cup for best Short-Horn of any age or sex; at Keith, first prize and special Champion prize for best female of any breed; at Cornhill, first prize and special prize given for best heifer; at Marnoch, first and Champion prize for best beast of any breed in the show-yard.

MASTERPIECE 347499 (Pure Scotch), chief stock bull now at Cherry Grove Farm and regarded as the greatest sire we ever owned, excepting the great and only Lord Banff. Masterpiece is by the Champion \$8,000.00 show bull, Premier, and he was by the World's Champion, Choice Goods.

The Nonpareil family is one of those whose foundation was selected by Mr. Cruickshank, upon which he built the herd that was to revolutionize the breeding of Short-Horns the world over. They have proven of great value in helping to improve the cattle of this country.

IMP. BUTTERFLY KING was got by King Victor 213112, dam Imp. Jubilee Maid 3d. King Victor, bred by W. S. Marr, got by Lavender Victor and out of Emma 28th.

VILLAGER, sired by the pure Cruickshank, Capt. Ripley (68324), dam Village Maid 20th by the great Chesterfield 57049; Village Maid 16th by Royal Heir (53583).

SCOTTISH SAILOR, a noted bull used by Lord Roseberry with great success, is of the same foundation as the Marr Bessies. Sired by the Augusta, High Steward (67188), dam Scottish Sunshine by the renowned Scottish Archer.

### NOTE.

This cow will be a bargain. She is a heavy milker, and being a regular breeder, keeps her thin. She is seven years old, and has produced us five calves, three of which are the three best bulls any one cow ever dropped on our farm.

What a great array of sires. For nine generations every bull is a Grand Champion or sired by a Champion. What other heifer in America can equal it? This is the Fanny tribe that produced Pott's Imp. There can be no permanent system of profitable agriculture without live stock. There never has been invented or discovered any fertilizler or combination of fertilizers which can take the place of barnyard manure. It is the only thing which will furnish the humus, without which profitable crops cannot be grown, and at the same time add to the fertility of the soil. Commercial fertilizers stimulate plant growth, but they do not build the soil. This can be done only by means of animal husbandry.

MASTERPIECE 347499 (Pure Scotch), chief stock bull now at Cherry Grove Farm, is regarded as the best sire we ever owned, excepting the great and only Lord Banff. Masterpiece is by the Champion \$8,000.00 show bull, Premier, and he was by the World's Champion, Choice Goods.

IMP. LORD BANFF was sold in November, 1911, at the highest price paid in an auction sale for a Scotch Short-Horn bull ever sold at auction at that time. His dam is a cow of remarkable scale, a deep milker and a good breeder. She has been successfully exhibited at local shows in Scotland. Lord Banff won first at Toronto; first at Syracuse, N. Y., 1901; first at the Pan-American, 1901, and first at the Illinois State Fair. Since Lord Banff came into our herd there have been owned and produced at Cherry Grove Short-Horns whose actual cash value would probably be \$75,000.00, and as the herd was quite small at that time, we attribute the great success of this herd more to Lord Banff than to any other one thing.

EARL MARSHAL 703343 is bred almost identically the same as the great English Champion Marengo \*9068, as he was got by Scottish Archer 59893, out of Missie 136th, by William of Orange 50694. He sired amongst other good ones the calf which won first and brought the highest price at Kelso, Scotland, in 1901.

**NOTE.**

Scottish Rose 9th is one of the choicest heifers we ever bred. Her sire and grand sire are the two best sires we ever owned, and her grand dam was brought for Cherry Grove Farm at a long price.

*J. H. Bergdoll \$230*

Cattle are the most quiet stock on the farm; are less liable to disease, and convert ruffness into profit that otherwise would be lost.

To be as good as the Shorthorns has been the ambition of the breeders of other breeds but the Shorthorn sets the standard.

This generation will see a distinct advance in the appreciation of good stock by the farmer and a more critical judgment on the part of the buyer. Young men need to become good stockmen, as this is the key to successful farming.

*C. C. Barber, Walnut, Ill.*

It has not seemed to be generally understood that every load of wheat or corn, which is hauled off the farm and which has not been raised in rotation and in combination with livestock farming, has been just so much of the fertility of the soil sold by the wagon load. In other words, the commoner method of farming practiced so long has resulted in the farmers using up their capital instead of the interest on the investment.

MASTERPIECE 347499 (Pure Scotch), chief stock bull now at Cherry Grove Farm, is regarded as the best sire we ever owned, excepting the great and only Lord Banff. Masterpiece is by the Champion \$8,000.00 show bull, Premier, and he was by the World's Champion, Choice Goods.

IMP. LORD BANFF was sold in November, 1911, at the highest price paid in an auction sale for a Scotch Short-Horn bull ever sold at auction at that time. His dam is a cow of remarkable scale, a deep milker and a good breeder. She has been successfully exhibited at local shows in Scotland. Lord Banff won first at Toronto; first at Syracuse, N. Y., 1901; first at the Pan-American, 1901, and first at the Illinois State Fair. Since Lord Banff came into our herd there have been owned and produced at Cherry Grove Short-Horns whose actual cash value would probably be \$75,000.00, and as the herd was quite small at that time we attribute the great success of this herd more to Lord Banff than to any other one thing.

EARL MARSHALL 703343 is bred almost identically the same as the great English champion, Marengo 69068, as he was got by Scottish Archer 59893, out of Missie 136th by William of Orange 50694. He sired amongst other good ones the calf which won first and brought the highest price at Kelso, Scotland, in 1901.

NOTE.

SCOTTISH ROSE 10th is one of the best bred Scotch heifers in America and is bred to one of our good young roan herd bulls.

*C. E. Barber \$190*

The young breeder wants to start on top, or as near there as his circumstances and conditions will warrant. It is this disposition for rapid and substantial improvement, the ambition to get into the game quickly, that has created the present active market for the better classes of pure-bred cattle.

DORA MAY has license to be a Scotch cow as good as the best; is one of our choicest cows, being by the Dean Willis bull, Bapton Spice, bought for Cherry Grove herd in England at \$1,000.00, and out of Dora Marr 2d, placed in our herd at over \$900.00.

BANFF's LAST is Pure Scotch, and bids fair to become the greatest breeder ever got by the famous Imp. Lord Banff.

IMP. BAPTON SPICE was personally selected and imported by Milton E. Jones fro Bapton Manor, the best herd in England. He is as richly bred a Cruickshank bull as can be had. He is from same dam as W. S. Marr's famous Spicy Robin 134607, and closely related to Mr. Cruickshank's well known Commodore, Cumberland, William of Orange and Champion of England.

HIGHLAND CHIEF represents a type of cattle that may be bred with profit to every farmer and breeder. He is a typical Scotch-bred Shorthorn, the ideal feeder's beast. In a letter of February 10, 1898, Col. F. M. Woods says: "Highland Chief is a darling. He is one of those great big little bulls, short legged, meaty, easy feeders. A bull to sire just kind of cattle now demanded."

IMP. DUKE OF ATHENS, imported by Hon. Jas. I. Davidson. One of Cruickshank's famous Victoria tribe; dam Victoria 57th by Barmpton Prince 32955; sire Cawdor 44506, a successful prize bull at local Scottish shows and regarded as one of the best stock getters used at Sittyton in recent years. He was sired by the prize bull, Royal Violet 40649, out of Courtesy by the prize bull Scotland's Pride 25100.

### NOTE.

Bapton Banff is held in as high esteem as any bull ever bred at Cherry Grove Farm and comes from a prize winning family. He is a sure and good server.

BANFF'S LAST is pure Scotch and bids fair to become the greatest breeder ever got by the famous Imp. Lord Banff.

IMP. CHOICE GOODS is too well known to require further comment, having been Grand Champion bull wherever shown, and was bred by James Durno, Jackson, Scotland, got by Remus 151790, out of Geraldine 5th, by First Choice 107872.

PRIDE OF MORNING 64546 was bred by Wm. Duthie, got by Star of Morning 121243, out of Patience, by Dr. A. Duff 118693.

PRINCE OF ORANGE 51916 was bred by A. Cruickshank, got by Cumberland 50626, out of Orange Blossom 21st, by Caesar Augustus 25704).

### NOTE.

CHOICE BANFF has the greatest combination of the very best blood the Shorthorn world ever produced. There was never wrapped up under the hide of one bull anything better. His sire is one of the best sons of Lord Banff while his dam is one of the best daughters of Choice Goods and his grand dam was one of the best, big, beefy, deep milking cows ever imported and cost us for Cherry Grove Farm \$2,000.00. She had for her sire Pride of Morning, the best bull in all of Great Britain of his day all of whose get averaged for Mr. Duthie something like \$1,500.00 each. Imp. Village Belle was also the dam of Mr. Hanna's Village Belle 2d, Grand Champion of America and Master of Ceremonies was one of the greatest sires ever known.

IMP. LORD BANFF, the great \$5,100 Scotch bull at head of Cherry Grove herd, is too well known to need any comment.

IMP. CUP BEARER has an almost unbroken succession of victories to his credit, won in the sharpest competition at the leading shows of both continents. His career as a show bull of two continents is too well known to need comment in this connection; suffice it to say he won more championships in Great Britain, Canada and the United States than any bull imported.

NOTE.
